ENVIRONMENTAL HEALTH SUMMER INTERSHIP

Columbus Public Health announces recruitment for three environmental health internship positions at Columbus Public Health for the summer of 2016. Successful internship candidates will be employed for twelve consecutive weeks (full time equivalent), limited to 480 hours. Starting dates will be by arrangement to accommodate students from environmental health accredited programs on academic quarters or semesters.

Summer interns will work in a variety of environmental health program areas including food protection, disease prevention, environmental hazards, swimming pool inspections, environmental health sustainability, healthy homes, rabies and dangerous animals, chemical emergency preparedness, rat control, West Nile virus monitoring, mosquito abatement, program assessment and licensing. Each intern will be responsible for the completion of a field project, final project report and presentation. The pay rate is established at $13.25/hour. Mileage will be reimbursed at the rate of 54 cents per mile. The City of Columbus is an equal opportunity employer.

Interested environmental health students should fax or e-mail a letter of interest and a resume to Richard Hicks at rickh@columbus.gov by March 7, 2016. A certified copy of your academic transcript should be sent by regular mail. Telephone interviews will be conducted during the week of March 21-25, 2016. Final decisions will be made and successful candidates will be notified by March 30, 2016. The fax number is (614) 645-7155. Additional information about the City of Columbus and Central Ohio can be found through the city website at www.columbus.gov and www.columbus.gov/publichealth.
