

**College of Public Health Pure Water Access Project Scholarship
Faculty mentor Sign-Off Sheet**

The Pure Water Access Project Scholarship award is available to any undergraduate public health student who demonstrates financial need, academic merit and is engaged in faculty mentored research. Preference is given to students interested in water research.

- Students are only eligible to receive the scholarship once.
- The amount of an award will be \$2,000 and will be decided upon by a committee of faculty who will review applications and award based on academic credentials, financial need, and narrative answers.

Student Name: _____

Faculty Mentor:

Your signature below indicates that you are mentoring the above listed student in research.

Please check this box if the research is water related
