2021-2022 Curriculum Guide for Master of Public Health degree program with a specialization in EPIDEMIOLOGY

The Master of Public Health (MPH) degree program is designed to provide students with the knowledge and skills for general and specialized applied public health practice, both in the public sector and in private sector careers related to population health. It includes courses within public health’s foundation disciplines of biostatistics, environmental health science, epidemiology, health behavior & health promotion, and health services management and policy. This broad training is complemented by the more in-depth course work within the specialization including an Applied Practice Experience and Integrative Learning Experience.

Students admitted to the MPH degree program are assigned a faculty advisor who will provide guidance throughout the program. This document serves as a resource to be used by the student and the advisor in planning a program with a specialization in Epidemiology (EPI), but is not inclusive of all important degree, college, and university requirements. All students are expected to be familiar with the College of Public Health (CPH) Graduate Student Handbook: http://cph.osu.edu/students/graduate/handbooks, the Graduate School Handbook http://www.gradsch.ohio-state.edu/ and the CPH competencies: https://go.osu.edu/cphcompetencies.

PROGRAM OF STUDY

The MPH-EPI curriculum consists of a minimum of 45 credits organized into five curricular domains:

1. Foundation courses in areas of knowledge basic to public health (12 credits)
2. EPI Specialization courses (22-25 credits)
3. Approved Electives (3-6 credits)
4. Applied Practice Experience (2 credits)
5. Integrative Learning Experience Seminar & Integrative Learning Experience (3 credits)

MPH Integrated Foundational curriculum † (12 credits)

Every student in the MPH-EPI program must take the following courses in areas of knowledge basic to public health:

- PUBHTLH 6001 Methods in Quantitative Data Analysis 4 credits
- PUBHLTH 6002 History, Values and Essential Services of the U.S. Public Health System 2 credits
- PUBHLTH 6003 Methods in Public Health Planning and Evaluation 2 credits
- PUBHLTH 6004 Essentials of Population Health 4 credits

Required Courses in the Specialization (22-25 credits)

- PUBHBIO 6211 Design & Analysis of Studies in the Health Sciences II 3 credits
- PUBHBIO 6270 Introduction to SAS for Public Health Students 2 credits
- PUBHEPI 6411 Biological Basis of Public Health 3 credits
- PUBHEPI 6442 Social Epidemiology 3 credits
- PUBHEPI 6431 Design & Implementation of Health Surveys 3 credits
- PUBHEPI 7410 Epidemiology II & Lab 4 credits
- PUBHEPI 7430 Epidemiology III 4 credits

One additional biostatistics course. Choose from: PUBHBIO 6250, 7220, 7255, 7230, 7235 3 credits

*Required for students who do not have an MD, DVM, or equivalent clinical degree

****Questions regarding the student’s program of study should be directed to the advisor****
College policies regarding grades in Foundation and specialization courses. Students should familiarize themselves with Section 11 of the College of Public Health Graduate Student Handbook.

**Grade Policy:**

- General Graduate School requirements: A cumulative grade point average of 3.0 or higher.
- Specific requirements: Meet specific criteria for each course.

**Sample Curriculum Plan for the Master of Public Health in Epidemiology**

*This is one option. Other options that are consistent with curriculum guide are acceptable. Students are advised to consult their advisor.*

- PUBHEPI 6437 Cancer Epidemiology 3 credits
- PUBHEPI 6439 Genetic Epidemiology 3 credits
- PUBHEPI 6440 Reproductive and Perinatal Epidemiology 3 credits

---

**Grade Policy:**

In addition to the general Graduate School requirements of a cumulative grade point average of 3.0 or higher, students must meet specific college policies regarding grades in Foundation and specialization courses. Students should familiarize themselves with Section 11 of the College of Public Health Graduate Student Handbook.

**College of Public Health - Office of Academic Programs and Student Services (OAPSS)**

OAPSS staff are available to provide assistance with College, Graduate School and University policies and procedures.
