

2022-2023 Curriculum Guide for Master of Public Health Degree Program PROGRAM FOR EXPERIENCED PROFESSIONALS

The Master of Public Health-Program for Experienced Professionals with a specialization in Population Health Leadership and Management (PHLM) addresses the interaction between individuals, environments and systems and the integration of clinical care and public health. This fully distance-based program consists of an integrated approach to foundational public health knowledge, specialization courses concentrating on population health leadership and management, and an Applied Practice Experience and an Integrative Learning Experience. Students are advised throughout the program and career and professional mentorship is provided by faculty and staff throughout the college. This document serves as a resource to be used by the student and the advisor in planning, but is not inclusive of all degree, college, and university requirements. All students are expected to be familiar with the College of Public Health (CPH) *Graduate Student Handbook* (available at <http://cph.osu.edu/students/graduate/handbooks>) and with the *Graduate School Handbook* (available at <https://gradsch.osu.edu/handbook>)

PROGRAM OF STUDY
